

## Children of the World

Children of the world, we are amazing  
Keeping faith alive when hope is gone,  
Even when the days are darker than the nights  
Our dreams of peace will still be strong.

Children of the world, we are astounding,  
When they knock us down, we rise again,  
Looking forward to the day we know will come,  
When there's no more fear and no more pain.

*Chorus:*

*Children of the world we can do it all,  
If we stand together we will live forever  
We will never fall  
Open up your heart, open up your mind,  
We can do whatever we want to do  
Nothing in the world can stop us shining through.*

Children of the world, we are so wonderful  
Holding all the keys inside our hands,  
To unlock the doors of prejudice and hate,  
Open up the peace inside our lands.

*Chorus*

We don't care about the history  
We just want to live our lives, running free.

Children of the world, we are incredible,  
Everything we dream it shall be true,  
If we join our hands together we can touch the sky,  
There is nothing in the world we cannot do.

*Chorus*

Children of the world, we are amazing  
Children of the world, we are astounding  
Children of the world, we are so special  
We can do whatever we want to do.....

Words and music by Mark Walker for the children of Whiteparish All Saints School.
