

Good afternoon. On behalf of the PCC I am asked to file the responses below to the 5 questions raised by you in your "Let us Talk" presentation. Please do not hesitate to contact me should you need anything further.

1. We are an unusually diverse church with a wide variety of worship which is based on sacramental spirituality.
2. Our mission statement is "To know Jesus Christ and to make Him known" and this underpins all that we do. This year, we are seeking to encourage a greater development of lay leadership in our congregation by asking the question "How is God calling you?"
3. We are looking to appeal to a wider section of our community. Recognising the inadequacies of our communications, we are actively seeking to improve that.
4. Working with local churches is one of the issues being discussed at Wimborne Deanery Synod, to promote its Plan.
5. It is virtually impossible to quantify the quality and impact of church life on our area. We endeavour to promote our mission statement in the community, and we feel that it is not about how we measure our impact – the important thing is how faithful we are to the gospel.

With kind regards

Julia Palmer
