

### **New Director of Parish Support**

Elizabeth Harvey has been appointed as Director of Parish Support, Governance and Administration.

Elizabeth is well-known to colleagues at Church House from her 2 years in the Accounts team, and since last summer she has been on secondment as Project Manager leading the Reviews process.

Elizabeth brings a wealth of experience from the business sector - including time with Legal & General and Zurich Financial Services - leading teams through change, operational transformation and in project management.

Diocesan secretary David Pain said:

"Developing new systems which enable us to work well together in the DBF in support of the local church will be at the heart of the work of the new team. As a dynamic leader, she has the entrepreneurial spirit which I believe will help us all to move forward into new ways of working with a strong customer focus and which will enable all team members to thrive in their contribution to our shared work.

"Please join me in congratulating Elizabeth as she takes on this new role."

The new Parish Support Team led by Elizabeth will start working together at the beginning of March.
