

Sudans Deanery Links Day

The Salisbury-Sudans Partnership Link will have updates on the current situation in the Sudans, the work of the Medical and Education Committees, and reports from our deaneries about their own links.

There will be presentations from 3 deaneries on their recent visits to the Sudans: Wimborne (linked with Yambio, South Sudan); Bradford (linked with Kadugli, Sudan); and Chalke (linked with Cueibet, South Sudan).

This is an opportunity for Deaneries to share their experiences and their plans for hosting the bishops of both Sudans before the Lambeth Conference in July. After the formal programme in the morning, there will be the opportunity for further informal discussion over a packed lunch.
