

Unusual Kindness

Week of Prayer for Christian Unity

Resources are now available for The Week of Prayer for Christian Unity 2020 which features Malta and a boat.

The Week of Prayer provides a unique opportunity for mission and evangelisation, with plenty of chances to involve your children and schools.

The material for 2020 has been produced by Maltese Christians with the theme of 'Unusual Kindness'.

This year as well as the usual inclusion of prayers and songs from the country featured, the service invites us to include a boat in the place of worship – not something easy to organise at the last minute!

The 2020 booklet and further resources are now available to download [here](#).

All the photos in the pamphlet can be freely used, and details about which images you need to credit to Creative Commons.
