Our family is one of the most important communities we ever experience. In the midst of a world of tremendous change, we believe that families of faith just work better especially when life presents its challenges.

At St James' Devizes we also believe that families of all shapes, sizes and ages can grow into the families God wants them to be. So we'd like to invite you to a special day to inspire and equip you as you explore what it means for your family to be a family of faith.

The conference will give you an enjoyable day with your family, whatever its shape and size, to gain tips and techniques on how to truly benefit from being a family of faith.

There will be something for everyone: worship, workshops to do together, seminars, a crèche and activities for children.
