An example of a parent questionnaire

We are conducting a survey to monitor the impact of our school worship. We want worship to be inclusive and inspirational, and for it to help us live out our Christian vision. **(QUOTE)**

We hope that worship will encourage reflection for all who attend. We are interested to learn whether the children talk about the worships at home and whether they do/say anything differently because of them.

By 'worship' we mean all types of worship. This includes our regular, whole school worship led by xxx and yyy as well as class worship and special visitors such as our vicar and Clergy Team. We also want to know about the impact of worship when we go out, for example to Church or to xxx.

Thank you!

- Q1 Which sort of worship does your child talk about at home? (Tick any box that applies) Nativity? Easter? xxx? Vicar and clergy team? xxx? yyy? Other? My child does not talk about worship.
- Q2 Has your child talked about doing/thinking something different because of worship? (Comment Box)
- Q3 How much do you think our school vision has made a difference to your child or to your family? (very much, quite a lot, somewhat, not at all, I don't know.... Q4b. Please give an example (Comment Box)
- Q4 If you have attended worship in the last 12 months, what did you like about it? (Tick any box that applies) Music? Opportunity to reflect? Involvement of the children/young people? I have not attended worship.
