

Dear Member/s,

I am sure you are enjoying this early spring-like weather, having survived the sudden snow of 3 weeks ago! This letter is to remind you that we shall be celebrating the official advent of Spring with our first meeting of our 2019 Programme of events, on the 21st March. We shall start with Holy Communion at 12 noon, in the glorious setting of Sherborne Abbey, followed by lunch in the Digby Hall, as in previous years. As always, if you have friends who are interested in the PBS, they too would be most welcome to join us. We also have included a poster, if you are able to put it in your local church or other suitable venue that will spread the word further. Attached is the usual form with the menu choices so please fill it in and return to our Hon. Sec., Lucy Pearson, as requested.

Before Christmas we all had a letter from our President, stating quite simply the need for more members and urging present ones to play a more active role if they felt so inclined. There has been some helpful response but if any of you have had time to mull over the points she highlighted and feel you would like to know more, Diana will be with us in Sherborne and would be happy to discuss any ideas you may have.

I look forward to seeing you at a well supported and enjoyable gathering on the 21st March.

With very best wishes,

Alison Bennett
