

# Open Doors

Serving persecuted **Christians** worldwide

Open Doors is the organization started over 60 years ago by 'God's Smuggler' Brother Andrew and still seeks to serve the 245 million persecuted Christians throughout the world today.

We do this by:

- Still providing Bibles, New Testaments and other Christian literature;
- Spiritual training for Pastors, Sunday School Teachers and Youth workers;
- Teaching people new trades and skills so that they can be self-sufficient;
- Training people to be trauma and marriage counsellors;
- Advocacy campaigns and legal aid;
- Providing safe houses;
- Helping with emergency relief, community development, education and medical care.

Basically, if our brothers and sisters need assistance we try to provide it.

Further information about our work and witness can be found at [www.opendoorsuk.org](http://www.opendoorsuk.org).

This is not all one-way! As Christians we can learn so much from our persecuted brothers and sisters and be inspired by all the miraculous things God is still doing for and through His people.

Locally we seek to raise awareness of the reality of persecution and to garner support, and particularly prayer support from church goers in the UK.

In the Diocese of Salisbury, there are several recognized Open Doors Speakers willing to come and share either in Sunday Services or in smaller midweek gatherings – ladies' and gentlemen's meetings, youth groups, home or prayer groups.
